

**Policy 16**  
**Type: Board of Directors Policy**  
**Name: Sustainability Report**

The Frost Student Association will develop a plan for a Sustainability Report. The Sustainability Report will be developed by the Executive Management Committee and will be approved by the Board of Directors.

The Sustainability Report will include the Frost Student Association's priorities for the year and may form part of a Strategic or Operational Plan.

The Sustainability Report will focus on activities and initiatives that will be described under the major categories of:

- Financial
- Social
- Environmental

For each of these categories, up to three priorities will be described and relevant goals identified. Progress against those goals will be reported throughout the year by the Frost Student Association's Board of Directors to its members and stakeholders.
